FAIR HOUSING IMPLEMENTATION PLAN

VILLAGE OF PORT DICKINSON

The Village of Port Dickinson is committed to the provision of equal access and equal housing opportunities for all its residents. Discrimination in the sale, rental or financing of dwellings on the basis of race, color, religion, sex, national origin, handicap or familial status is specifically prohibited by the Federal Fair Housing Law of Title VIII of the 1968 Civil Rights Act and the Fair Housing Amendments Act of 1988. While the federal law protects us from discrimination in housing, the Village recognizes that this is only the first step towards Fair Housing and that action to affirmatively further this right is also necessary.

The Village will further Fair Housing by focusing its attention in the following areas:

I. Educational Activities

These activities will promote the education of the Village residents as to the aspects of the Fair Housing Law and other pertinent housing issues. This would be accomplished by the preparation and dissemination of a brochure and quarterly advertisements in the local newspaper(s).

The Village will work cooperatively with any agencies directly involved with public housing in the Village. In addition, the Village will make known to attorneys, realtors, financial institutions or other agencies involved in housing issues in the Village about the Village's stand against discriminatory housing practices.

II. Local Compliance Activities

This activity will include the designation of the Fair Housing Officer. The Fair Housing Officer will assist families and individuals with information regarding Fair Housing. The Fair Housing Officer will also network with local offices which focus on housing issues to make known the Village's commitment to Fair Housing.

III. Assistance to Minority Families

As stated in Number I above, a successful educational program will make known the Village's stand against discriminatory housing practices. The Village's Fair Housing Officer will work cooperatively with any public housing in the Village and will notify County agencies of the Village's stand with respect to Fair Housing. This assistance to minority families will be aided by maintaining a list of attorneys, realtors or landlords who are willing to assist minority families who seek housing opportunities in the Village.

IV. Special Programs

Special programs may be varied. A letter writing campaign to disperse the Fair Housing brochure is the first step. Secondly, informing attorneys, realtors, landlords and financial institutions of the Fair Housing program in the Village may generate special programs. The Village may also want to work in conjunction with any of the aforementioned agencies in a coordinated effort to offer a social program. An example would be to work with the Board of Realtors in helping to promote April as Fair Housing Month.
